To thrive, you account for every detail—we know. Elecate employs brilliantly efficient software with over 30 years of results for the complex needs of hospitality and rental businesses.

Capture and track deals with our native CRM. Win more events with stunning proposals. Run comprehensive reports confirming your ROI. Accelerate your team's growth with extensive support and training. From ingredients to inventory, dispatching to staffing, production to profit, Elecate is your guiding star.

Customize an online store so your brand is front and center, and always open for business.

Online Store Integration; Powerful & Seamless

Convenient and easy online ordering has become a necessity for many caterers. Elevate your capabilities to dazzling new heights with Elecate's fully integrated online store and customer portal, an essential extension of our core management software designed for your business's complex needs.

Key Features:

Effortless Shopping and Ordering: Engage customers with an intuitive and beautiful online store that makes shopping, ordering, and secure payments a seamless part of their journey.

Streamlined Production and Fulfillment: Automate the communication between orders and your operations, ensuring precision in preparation and logistics with reduced manual entries and faster turnaround.

Fully Integrated Payments: Include our world-class payment processing and gateway partner to receive seamless checkout features and timely deposits to keep business moving.

Display Allergens, Calories and Other Unique Info: When your ingredients and recipes are populated, we can designate any preferred fields to pass to the interface so the customer has the food item's important attributes up front.

Supports Your Business policies: Easy reporting for per diems and more.

Integrated Dashboard: Gain real-time insights with an integrated dashboard that monitors customer preferences, order statuses, enabling informed and proactive decision-making.

Elevate Your Brand: Enhance your brand's image through a tool that not only simplifies operations but also positions your business as a leader and the very reason why your customers love you!
